

# Montaha Ben Jaballah

IT engineering student

I am a dedicated junior student at ESPRIT School of Engineering, passionately pursuing my degree in IT Engineering. Currently in my junior year, I am enthusiastic about exploring the intersections of technology and the problem-solving. While I'm still in the process of honing my skills, I'm excited to explore various aspects of IT engineering, from software development to cybersecurity.

## **ÉDUCATION**

### IT engineering **FSPRIT**

2023 - 2026

**PROJECTS** 

- Development of an application to manage the blood donations in a hospital . Key Words: C , GTK+ Library, Git
- Development of a smart system to control a meeting room Key Words: Embedded c, ISIS, PIC

## A degree in electronics with a specialization in embedded systems

The Higher Institute of Applied Sciences and **Technologies of Mateur** 

2020 - 2023

#### **Technical baccalaureate**

El Haouaria Secondary School

2020

#### **EXPERIENCES**

#### **Graduation Project**

Sagemcom

02/2023 - 06/2023 Ren Arous

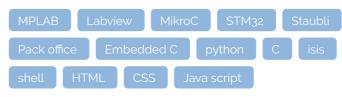

Development of an application "SMART" for calibrating a spectrum

Achievements/Tasks

- Application Development: Developed the "SMART" application for calibrating a spectrum analyzer, ensuring accurate and reliable measurements.
- Feature Implementation: Designed and implemented key features, such as automated calibration routines and data analysis capabilities, enhancing the efficiency of spectrum analyzer calibration.
- Testing and Debugging: Conducted rigorous testing and debugging of the application to identify and resolve issues, ensuring the application's stability and functionality.
- Collaboration: Worked closely with a team of engineers to gather requirements, define project goals, and ensure alignment with client expectations.

## **Summer internship** SERGAZ El Haouaria

**SKILLS** 

#### PERSONAL PROJECTS

Displaying date and time using an STM32 board and an LCD display (2022)

Creating a web page using HTML and CSS

#### **ORGANIZATIONS**

**Enactus** 

Robotics Club

**IMDED** 

IEEE: Institute of Electrical and Electronics Engineers

## **LANGUAGES**

Arabe

Native or Bilingual Proficiency

Professional Working Proficiency

Français

Professional Working Proficiency

#### **INTERESTS**

Robotics Marketing coaching

Competitive Programming
